

TEACHER HOUSING

The Board will provide safe reliable housing for teachers resident in communities identified by the Board as requiring such services and believes this to be an essential component of teacher attraction and retention.

Specifically

1. The Division Teacher Housing Services will be structured in the form of a separate financially self-sufficient entity.
2. Teacher housing shall be maintained to a high standard.
3. Teacher housing may be provided to others tenants not related to the Division only if there is excess space.
4. The Board supports entering into partnerships to have local entities look after teacher housing where feasible.
